# Evidence on the lower rungs cannot automatically be promoted upward.

Evidence lower on the ladder cannot automatically be promoted upward. A product-page statement establishes how the seller presents the product; an ingredient study establishes something about that specific intervention. Neither alone establishes an individual result from Happy Paws Cognitive Dog Chews.

Daily Intel

# Separate the static math of the product from the volatile terms of the live checkout.

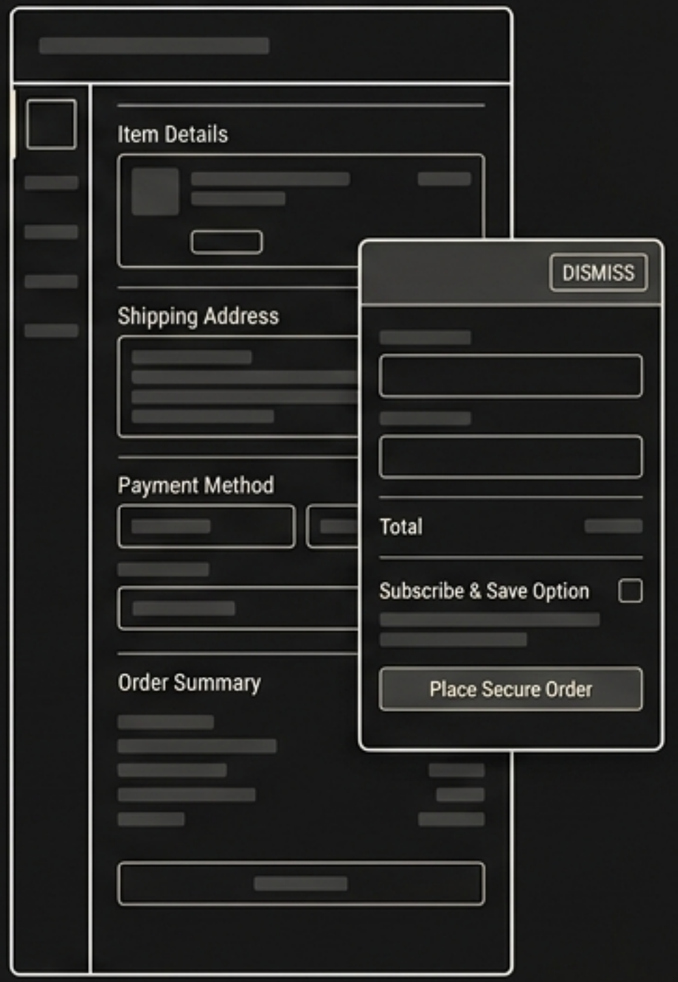

## THE MATH MAP

| | | | |
|---|---|---|---|
| Under 10 lb | 1 daily chew | 100-day approximate duration | $0.35 dated cost per day |
| 10-30 lb | 2 daily chews | 50-day approximate duration | $0.70 dated cost per day |
| 31-60 lb | 3 daily chews | About 33-day approximate duration | $1.05 dated cost per day |
| 61-90 lb | 4 daily chews | 25-day approximate duration | $1.40 dated cost per day |
| Over 90 lb | 5 daily chews | 20-day approximate duration | $1.75 dated cost per day |

## THE LIVE CHECKOUT GATE

- One-time vs. recurring selection
- Renewal amount
- Cadence
- Shipping (non-refundable)
- Exact cancellation steps

## HYPOTHETICAL COMPLIANT DISPLAY

*Arithmetic is dated and conditional on the captured $34.99 price.

# Route decisions based on strict safety constraints and required proof.

## Katalys v4 Decision Tree
