CANCELLATION STOPS THE NEXT RENEWAL; IT DOES NOT REVERSE CHARGES FOR UNDERWAY BILLING PERIODS OR PROCESSED PHARMACY ORDERS.

Rung 6: Individual Decision
Requires licensed clinician assessment

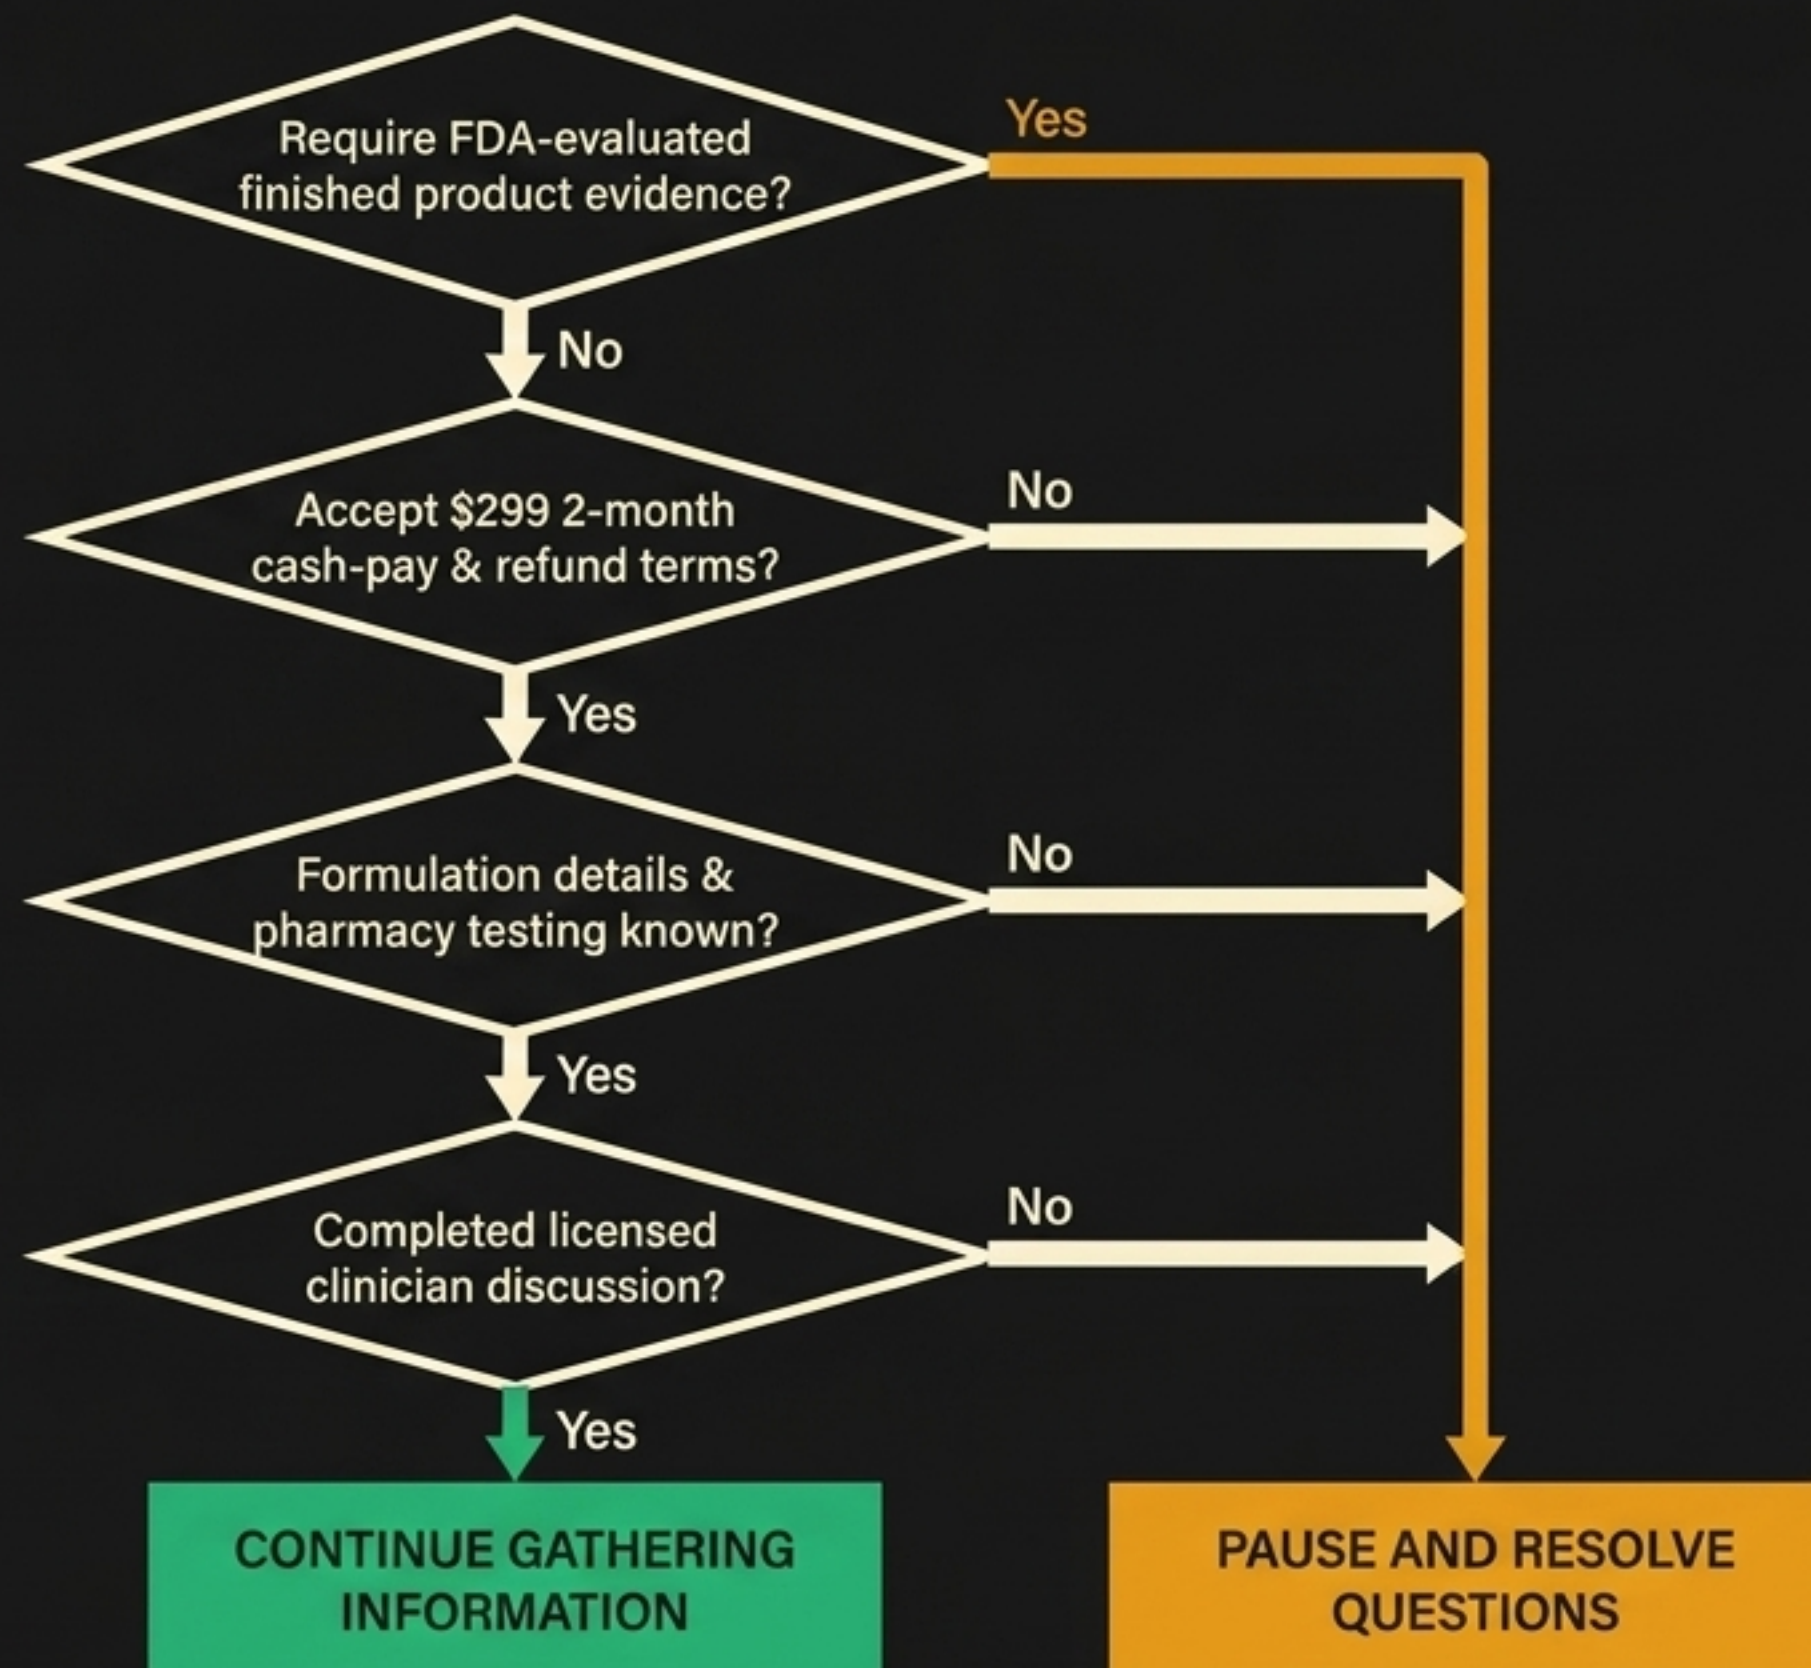

Rung 5: Finished-Product Outcome
HYPOTHETICAL: Produces meaningful weight loss — Status: Unresolved, not failed

Rung 3 & 4: Mechanism & Ingredient
Receptor-signaling attributed to Live Vital; category outcome unresolved

Rung 1 & 2: Offer & Composition
\$299 process verified by Live Vital; exact dose unresolved

An ingredient's proposed signaling mechanism does not establish a finished-product outcome; claims must stop at the highest verified rung.

Treat finished-product efficacy as unresolved and confirm pre-prescription refund policies before committing to a cash-pay evaluation.
